134 Bred Heifers to sell at Faith Livestock

If you're in the market for some top-notch, commercial Angus bred females be at Faith Livestock on Monday, November 29th.

Front-end, bred heifers will sell Monday, November 29th at Faith Livestock.

It's the girls turn! Millar Angus is proud to offer 134 commercial, Black Angus bred heifers for sale at Faith Livestock on Monday, November 29th.

These top-notch, home-raised bred heifers are backed by strong maternal qualities and dispositions.

Heifers have been ultrasounded and sorted into three calving groups. The AI bred heifers were AI'd to Millars Duke 816, a calving-ease B Bar Windy 7 3575 son. The pasture bred females are bred to low-birth Millar Angus bulls.

For more info, contact Jon Millar: (605)347-0553 or (605)347-2855.

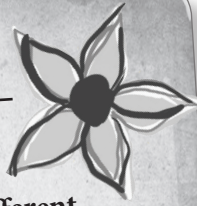

A complete breakdown of the offering can be found on page 4.

— Around the Ranch —

Well, I guess you could say its been one of those trying years. With hardly no rain, our summer looked a little different. Time typically spent in the hay field was replaced by hauling water. Jon wore the wheels off the dirt bike irrigating our farm ground we're so blessed to have. It's a full-time job, but so worth it on a year like this!

Summer was great! Kobi's highlight came when she won her first saddle and qualified for her first State 4H Finals Rodeo in 4 events. Ryle always finds something to do, whether it's roping, tending sheep or working on his pickup. His latest discovery of LED lights has been fun. You won't miss him. The ole '97 Chevy is lite up like a spaceship!

As always, summer went way too fast! The kids got out of school in May and we felt we had all the time in the world. Then, we blinked and found ourselves with a Freshman and 6th grader shopping for school supplies. That's alright...it's good to get back in the routine.

Fall is my favorite! The calves are weaned, silage is chopped and fall projects have begun. If you're in the area, be sure to stop by!

Focusing on the Customer:

Randy & Cynde Trucano

Boyes, MT

"Jon and Breezy are good honest folks, raise good cattle and have a great program."

A little bit about the Trucano Ranch: Randy and Cynde Trucano have three grown girls with the youngest daughter, her husband and kids living on the ranch. They are blessed with 11 grandchildren and 2 great grandchildren. Their ranch was homesteaded by Randy's great grandmother in 1909 and they are the 4th generation living on the ranch.

Millar Angus genetics on the Trucano Ranch: We run 350 Angus mother cows. We started buying Millar Angus bulls in 2011 and are very happy with the genetics, which are improving our herd. The Millar bulls have great dispositions, are easy to work with and produce very good mothers.

All the cows and calves are tagged to match and sorted to different pastures. The Millar bulls are used on these cows and the replacement heifers are selected from these. We have been selling over 600 pound steer calves and credit that to Millar Angus bulls.

Jon and Breezy are good honest folks, raise good cattle and have a great program.

Cheeseburger Soup

- 1/2 pound ground beef
- 1/2 cup chopped onion
- 3/4 cup chopped carrots
- 3/4 cup chopped celery
- 1 tsp. dried basil
- 1 tsp. dried parsley
- 4 Tbsp. butter
- 3 cups chicken broth
- 4 cups cubed potatoes
- 1/4 cup all-purpose flour
- 2 cups shredded cheese
- 1 1/2 cups milk
- 1/4 cup sour cream

In large pot, melt 1 Tbsp butter and cook onion, carrots, celery and beef until browned, drain. Stir in basil and parsley. Add broth and potatoes. Bring to a boil, then simmer until potatoes are tender, approx. 10-15 minutes. In separate bowl, melt remainder of butter and stir in flour. Add milk and stir until smooth. Gradually add milk mixture to soup, stirring constantly. Bring to a boil and reduce to simmer. Stir in cheese. When cheese is melted add sour cream. Do not boil.

• This is a family favorite!

Millar Angus Youth Fest 2021

It's hard to believe, 5 years ago marked our first Millar Angus Youth Fest! This years event sure didn't disappoint as we had 130 kids come and go throughout the day to take part in the festivities.

It's always a little organized chaos when the big day hits. To keep kids busy, we set up several "activity pods" where they could play or show off their creative side. Stations included: sand bottle art, wood photo blocks, create-a-craft, make your own jerky/trail mix, dummy roping as well as consumer and horticulture judging.

There were some knowledgeable experts on hand that gave kids pointers on how to show their sheep and cattle. We

also had a priceless demonstration on tractor, PTO and lawn mower safety.

I think this years livestock judging was one of the biggest yet! There were classes of cattle, sheep, pigs, horses and goats on hand. Prior to judging, each class had an "expert" that talked about what they look for when judging that particular animal.

The day wrapped up with door prizes, judging awards and burgers on the grill. This event takes a lot of man power and couldn't be done without our great volunteers. We appreciate each of you who helped make this event a success!

HATS OFF to the VOLUNTEERS and SPONSORS of this fun event!
